Color Change Notice

G color type of WP and WPMB series

Current (Old) Color

RAL7035

New Color
Munsell N8.75

(Nearly match)
(Original Color)

Current Color

WP enclosure

New Color

WPMB

- G color type (White gray - RAL7035) of WP Enclosure and WPMB Pole mount bracket shall be changed into our original brighter color (Munsell N8.75 nearly match) .
- This change would be carried out as soon as present stock has run out. WP10-10-4G has already been changed in new brighter color.
- No product code has been changed. "G" color code is going on for new brighter color. Price and the material also stay in the same manner.
- Ask for samples of new brighter color version if necessary.
- No both color mixed for one order batch.
